ADITYA CHAUDHARY

PROJECTS

CLOUD COMPUTING PROJECT (SARAS AI) - July 2025

• Understood the fundamentals of cloud computing by exploring AWS, Azure, and GCP.

• Implemented basic cloud services including VMs, S3, EC2, RDS, IAM, and monitoring.

• Used AWS Management Console, Azure Portal, and GCP Console for deploying and managing resources.

• Built the ability to deploy, manage, and monitor cloud resources, forming a foundation for advanced cloud projects.

MUSIC APP USING PYTHON (SARAS AI) - April 2025

• Developed a command-line based music application with login, signup, exit, and song search features.

• Implemented authentication logic and file handling using a manual credentials database.

• Gained hands-on experience in CLI-based project design and Python file operations.

XTTS VOICE CLONING SYSTEM (SARAS AI) - February 2025

• Designed and implemented a voice cloning system using XTTS to generate natural speech.

• Understood XTTS architecture, preprocessing techniques like noise reduction, normalization, and fine-tuning.

• Used Hugging Face, XTTS model, and PyTorch as frameworks.

• Generated synthetic voice samples across multiple languages with improved naturalness and clarity.

EXPENSE TRACKER - September 2024

• Developed a web-based expense tracker for monitoring income and expenditures.

• Used JavaScript for adding, deleting, and calculating totals dynamically.

• Implemented local storage for saving user data temporarily.

AMAZON CLONE - February 2024

• Built an e-commerce web application clone of Amazon.

• Developed front-end using HTML, CSS, and JavaScript with responsive design.

• Added login/signup, wishlist, and order tracking features.

SKILLS

Technical: C++, Python, MySQL, Machine Learning, Familiarity with AWS, Azure, GCP

Management: Time Management, Communication, Project Management, Team Collaboration

CERTIFICATIONS AND TRAINING

• 12-hour hackathon participation certificate – 8 Feb 2025

• Saras AI – Powers of AI Certificate (3/3 credit score)

EDUCATION

COER UNIVERSITY, Roorkee, Uttarakhand

Bachelor of Technology, Computer Science

CGPA: 7.4 (June 2023 – May 2027)

Saras AI Institute, Salt Lake City, USA

Associate of Science in Artificial Intelligence

GPA: 3.8/4 (Jan 2025 – Dec 2026)

DAV CENTENARY PUBLIC SCHOOL, Jagjeetpur, Haridwar

Higher Secondary Education (PCM with Python) – 82.4% (2022–2023)

Secondary Education – 75% (2020–2021)
